Welcome to The Rotary Foundation Global Grant Proposal. This brief proposal will allow you to communicate a general description of the activities you have planned, so that staff may assess their eligibility and alignment with the areas of focus.

Once your proposal has been reviewed by TRF staff, you will be provided feedback and invited to complete a formal grant application.

RIContentContainer [4]

Click each of the links below and provide the information requested. You may complete the different sections of the proposal in any order and you may return to this main menu at any time.

It is not necessary to fully complete the proposal during one online session; each section of the proposal can be saved individually so you can return to complete the proposal at another time.

Please review your answers and ensure that all sections are fully completed before clicking the "Submit the Proposal" button at the end of the proposal.

Section B: Community Needs

ViewFacadeSmartPart [2]

(1) - Describe the benefiting community including its location using any relevant geographic and demographic information (Please be as specific as possible). If the activity is a scholarship, enter "N/A"

The benefiting community will include the poor hilltribe villagers as well as the undocumented people in the rural and high ground area of upper northern Thailand which share long borders with neighbouring countries of Lao and Mymamar.

(2) - What community needs have been identified? If the activity is a scholarship, enter "N/A"

They often suffer with seasonal disease and epidemic due to the facts that their living community is unsanitary and located far away from the health service facility .Beside, they also lack of fundamental medical knowledge to treat the first phase symptom. As a result ,a number of the hilltribe patients are left uncured with chronic disease and frail health.

(3) - How are these needs currently being addressed with local resources and/or government agencies, NGOs etc...? If the activity is a scholarship, enter "N/A"

Some patients who can afford will be transported in to the city hospital while many has been left unattended in the village. Fortunately, there are occasional government medical unit visit that help save some from further health suffering.Many of the hilltribe prefer to treat themselves by their traditional medicine and in some case by superstitious means.
