## PETS AND DISTRICT ASSEMBLY, JOHOR BAHRU 22ND - 25 MARCH 2012

“The 22nd Pets and DA was held at the Grand Paragon Johor Bahru, March 22 to 25. It was attended by 280 Rotarians and 40 spouses, a record attendance in a long time.

The Training Program chaired by DGN Chew Ghim Bok was comprehensive and interactive.

DGE Lee Kong Hwee introduced a few new features, one of which was Rotary moments. There were three in total and their stories were very captivating and got full attention of the audience. One was about how a senior Rotarian’s business was saved by him being a Rotarian. Another was how a few very young Rotarians from Singapore spotted a very promising young man who had a flair for engineering. They managed to get him enrolled for a degree in engineering.

The PP’s forum was very well attended and many relevant issues were discussed under the able chairmanship of PPs Brown Pereira and Ravi Velu. The forum leaders were DGE Lee Kong Hwee, DGN1 Chew Ghim Bok and DGN2 Andre Suharto.

This time Rotarians were given an opportunity to listen to how clubs have been successful in membership drive, service projects and public relations. Clubs with success in these avenues of service presented their stories.

The Governor’s Banquet was attended by 380 Rotarians and spouses. In fact the demand was so great we had to turn down a few request. We had the opportunity to see the DG, PDGs, DGE, DGNs and Rotarians dance on stage and on the floor.

The welcome dinner was also very well attended. Our sincere appreciation to the Menteri Besar and State Government for their sponsorship of the dinner.

This year, the house of friendship was open long hours, from 10am to 1am the next morning. Even though it was in close proximity to the meeting rooms, I must say that the Rotarians were very disciplined. They attended only after their sessions were over . It was well patronized in the evenings and after the dinners. There was free flow of beer and wine and the chairman used his skills in cocktail concoction to prepare drinks to the delight of the Rotarians and spouses.

The spouse program was interesting with lots of hands-on, like folding Origami cranes, Peranakan culture and cocktail concoction. They were able to do some Charity by raising a lot of money for the cancer children in HSI. Of course they must have enjoyed the shopping at the newly opened JPO.

Attendance on Sunday was good, there were more than 100 Rotarians who turned up early to listen to District matters.

I would like to take this opportunity thank each and everyone who contributed to the success of this event.”

**Reported by Dr. Angamuthu Rajoo  
Organising Chairman.**
