## **'Seeing Eye to Eye' Seminar**

### **12<sup>th</sup> October 2013**

08<sup>th</sup> July, 2013

Dear President Vicky Soo,  
Rotary Club of E-Club of 3310

Re: Joint District "Seeing Eye to Eye" Seminar 2013

RI District 3310 will be organising the Annual 'Seeing Eye to Eye' Seminar on 12<sup>th</sup> October 2013 in conjunction with World Sight Day which falls on 10<sup>th</sup> October 2013. The Rotary Club of Pasir Gudang, supported by a number of Clubs from both Districts, has kindly undertaken to organise the Seminar on behalf of the two Districts, 3300 and 3310.

The principal objectives of this Seminar are as follows:

- a) To reaffirm Rotary's commitment to Community Service in the Prevention of Blindness;
- b) To showcase the contribution of Rotary Clubs in their Prevention of Blindness Projects;
- c) To encourage Rotarians to be more involved in their concern for Prevention of Blindness;
- d) To organise medical screening for members of the Rotary family, friends and the public as part of the "Awareness and Action" commitment of Rotary;
- e) To increase awareness of a number of key areas related to Prevention of Blindness in regard to all walks of life and, in particular, the Young and Elderly; and
- f) To provide a forum for participants to ventilate their concerns about Eye-Sight and Eye-Care to a panel of Eye Specialists.

This Seminar will be held at Bayu Marina Resort, Taman Bayu Puteri, Johor Bahru on the 12<sup>th</sup> October 2013 with fellowship and spousal programs starting from the 11<sup>th</sup> through to the 13<sup>th</sup> October 2013. It will be an excellent opportunity for Rotarians to have a week-end break with family and friends.

Additionally, this event will provide an excellent opportunity for interaction and fellowship for Rotarians from both Districts. It will also enable Clubs from both Districts to showcase their Projects in Blindness Prevention thereby enabling them to learn from each other's experiences.

There will be free medical-screening concurrently with the Seminar at the same venue. The free medical screening will include Screening for Eye Problems, Blood Sugar, Blood Pressure and Bone Density.

The Seminar will be open to the public as well as various other NGOs including Lions, St. Johns, Medical Associations, Government Departments, Niosh, Malaysian Employers Federation, key members from a variety of educational institutes, especially Kindergarten School Teachers and others.

Organised by Rotary Club of Pasir Gudang with support from Clubs in District 3300 & 3310
